## Mastering CSS Box Model and Layouts: From Basics to Project

Dive into the world of Cascading Style Sheets with our comprehensive tutorial video, "Mastering CSS Box Model and Layouts." In this engaging tutorial, we cover everything you need to know about CSS, from the fundamentals of the box model to advanced layout techniques. Learn how to create visually stunning web designs using inline, internal, and external CSS, while understanding the differences between display properties like block, inline, and inline-block.

### Q What's Inside:

\*CSS Box Model Demystified:\* Get a solid grasp of the CSS box model, understanding the content, padding, border, and margin components that shape your web elements.

\*Display Properties Deep Dive:\* Explore the nuances of display properties: block, inline, and inline-block, and learn when to use each for optimal layout control.

\*Practical Exercises:\* Put your knowledge to the test with hands-on exercises that reinforce your understanding of box model adjustments and display properties.

\*Project Showcase - Perfumy:\* Watch as we build a captivating static webpage project, "Perfumy," using HTML and CSS, showcasing how to apply the concepts learned in a real-world context.

\*Challenge Your Skills:\* Stay engaged till the end as we present a set of challenging CSS tasks that will put your newfound skills to the test.

Whether you're a beginner looking to establish a strong foundation in CSS or an experienced developer seeking to refine your layout techniques, this video has something for everyone. Elevate your web design game and create stunning, responsive layouts with confidence. Don't miss out on the opportunity to become a CSS master — watch now and unlock your creative potential!

# CSS

The screenshot shows a Microsoft PowerPoint presentation slide. The title 'CSS' is displayed in large white font on a black background. Below it, the subtitle 'Cascading Style Sheet' is shown in a smaller yellow font. The slide contains several yellow circular shapes of varying sizes. In the bottom right corner, there is a watermark or footer text that reads 'Error Makes Clever Academy'. The top ribbon bar shows the tabs: File, Home, Insert, Draw, Design, Transitions, Animations, Slide Show, Record, Review, View, and Help. The left sidebar displays five slide thumbnails, each showing a different aspect of CSS, such as 'CSS (Cascading Style Sheets)' and 'CSS can be added to HTML documents in 3 ways'. The status bar at the bottom indicates 'Slide 1 / 32', 'English (India)', and the date '24-08-2021'.

This screenshot shows the same Microsoft PowerPoint slide as the previous one, but with additional content. The slide now features a bulleted list: '• CSS, or Cascading Style Sheets, is used to style and format web pages created with HTML.' To the right of the text, there is a small illustration of a house-like building with a door and windows, and a separate yellow rectangular box labeled 'Search' with two input fields. The rest of the slide, including the title, subtitle, and decorative elements, remains the same as in the first screenshot.

# Inline CSS

Exercise

Apple

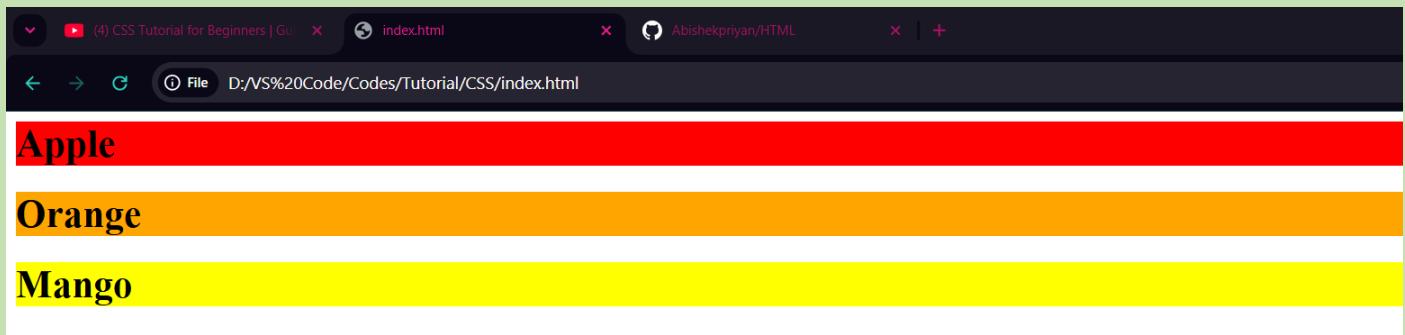

Orange

Mango

Error Makes Clever Academy

This screenshot shows a Microsoft PowerPoint slide titled "Inline CSS Exercise". The slide content includes the heading "Exercise" and three h1 elements styled with inline CSS: "Apple" (red), "Orange" (orange), and "Mango" (yellow). The slide is part of a larger presentation with other slides visible in the sidebar.

```
<h1 style="color: black; background-color: red;">Apple</h1>
<h1 style="color: black; background-color: orange;">Orange</h1>
<h1 style="color: black; background-color: yellow;">Mango</h1>
```

A screenshot of a Microsoft PowerPoint presentation. The slide is titled 'Internal CSS' and subtitle 'Using the style tag inside the HTML Page'. The content includes the following CSS code:

```
<style>
  h1{
    color: white;
    background-color: black;
  }
</style>
<h1>
  Error Makes Clever Academy
</h1>
```

A callout box with the text 'Error Makes Clever Academy' is overlaid on the slide. The slide number is 7, and there are nine slides in total. The status bar at the bottom shows 'Slides 7 of 32' and the date '24-08-2023'.

```
<h1>Heading</h1>
<p>Paragraph</p>
<style>
  h1{
    color: red;
  }
  p{
    color: blue;
  }
</style>
```

A screenshot of a web browser window. The address bar shows 'File D:/VS%20Code/Codes/Tutorial/CSS/index.html'. The page content displays the text 'Heading' in red and 'Paragraph' in blue, which corresponds to the CSS rules defined in the previous slide.

**Internal and Inline CSS**

**Question**

- Create a **div** tag with background color red (**use style tag**)
- Inside div tag create a **h1** tag with color white(**inline css** )
- Set width(300px) and height(100px) to div tag(**use style tag**)
- Create **P** tag after h1 tag and set its color to blue(**inline css**)

## CSS Box Model

The CSS box model is essentially a box that wraps around every HTML element.

It consists of:

- Margins
- Borders
- Padding
- Content.

# OUTPUT:

The screenshot shows a web browser window with three tabs open. The active tab is titled 'Perfume' and displays a website for a perfume brand. The page features a search bar at the top, followed by three product cards. Each card contains a small image of a perfume bottle and a block of placeholder text. Below the cards, a section titled 'About Us' is visible, along with a Windows taskbar at the bottom.

The screenshot shows a web browser window with the following details:

- Address Bar:** File D:/VS%20Code/Codes/Tutorial/CSS/Project/Perfumy/index.html
- Title Bar:** Perfumy | Abhishekpriyan/HTML
- Header:** Perfumy (left), Home | About Us | Contact Us (right)
- Search Bar:** A large search input field with placeholder text "Search".
- Product Grid:** Three perfume bottles displayed in a row:
  - Bottle 1:** S. Rastogi CLASSIC BLACK perfume bottle.
  - Bottle 2:** A clear glass perfume bottle with a gold cap.
  - Bottle 3:** A dark blue perfume bottle with a silver cap.
- Text Overlays:** Each bottle has a text box below it containing placeholder text: "Lorem ipsum, dolor sit amet consectetur adipisicing elit. Laudantium quidem itaque accusantium harum culpa vitae quisquam aliquid voluptatibus incident possimus!"
- About Us Section:** A heading "About Us" followed by a paragraph of placeholder text.
- Footer:** A standard Windows taskbar with icons for Start, Search, Task View, File Explorer, Edge, File Manager, Taskbar settings, and a system status icon.

The screenshot shows a web browser window with three tabs open. The active tab is titled 'Perfumy' and displays a grid of three perfume bottles. Each bottle has a small descriptive text box below it. The first bottle is labeled 'CLASSIC BLACK'. The second bottle is labeled 'Abely'. The third bottle is labeled 'Abely'. The browser interface includes standard navigation buttons (back, forward, search) and a file menu.

		
<p> Lorem ipsum, dolor sit amet consectetur adipisicing elit. Laudantium quidem itaque accusantium harum culpa vitae quisquam aliquid voluptatibus incidunt possimus!</p>	<p> Lorem ipsum, dolor sit amet consectetur adipisicing elit. Laudantium quidem itaque accusantium harum culpa vitae quisquam aliquid voluptatibus incidunt possimus!</p>	<p> Lorem ipsum, dolor sit amet consectetur adipisicing elit. Laudantium quidem itaque accusantium harum culpa vitae quisquam aliquid voluptatibus incidunt possimus!</p>

A screenshot of a Windows desktop. The taskbar at the bottom features the Start button, a search bar with the placeholder "Type here to search", and icons for File Explorer, Task View, Edge browser, File History, Photos, Mail, Calendar, People, Task Scheduler, File Explorer, and File History. The desktop background shows a perfume bottle with a blue cap and a dark liquid inside, surrounded by a circular arrangement of smaller perfume bottles and flowers like roses and lilies. The overall aesthetic is elegant and classic.
